## INSTRUCTIONS FOR ASSEMBLY AND USE OF SPORTS EQUIPMENT

Product: **Shield for the lower edge of the basketball board 105X180 cm**  
Code: 10 116/180, 10 016/180

The shield for the lower edge of the basketball board meets the requirements of the PN-EN 1270 standard: "Playing Field Equipment - Basketball Equipment. Functional And Safety Requirements, Test Methods".

### 1. Components

Number	Part/subassembly name	Quantity per product
1	Shield for the lower edge of the basketball board 105x180	1
2	Mounting screws	8

### 2. Assembly of the basketball shield

- The assembly of the shield must be performed on a correctly mounted basketball board.
- Press the shield against the lower edge of the basketball board.
- Set the screwdriver to the position of screwing with a clutch.
- Place a self-tapping screw in the socket wrench.
- Drill the screw into the board frame through the mounting sleeve in the shield and tighten it until the screwdriver clutch actuates.
- Make assembly by screwing in the screws on the side of the shield and then on the bottom side.

### 3. Use of shields

- a) The shield is designed for basketball boards 105x180 cm in sports halls and outdoor facilities.
- b) Periodically check the fastening elements of the shield and the condition of the shield material.
- c) Do not subject the shield to mechanical damage { cutting, notching, burning, etc.}.

- d) Do not carry the board while holding the lower edge shield.
- e) Do not hang on the shield.
