

## JUNIOR FOOTBALL GOALS - MOBILE /5.00 X 2.00 M/

Article number: 15 003/K

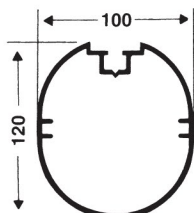

Reinforced aluminium profile - ribbed, oval 100/120 mm. Depth 120/200 cm (up/down).

Arches made of steel pipe. Bottom frame made of 100/120mm profile. The goals have a system of 4 transport wheels on a special hinge folded during the game and unfolded for transport - without removing the wheels. Reinforced corners with a special design for greater stability of the goal.

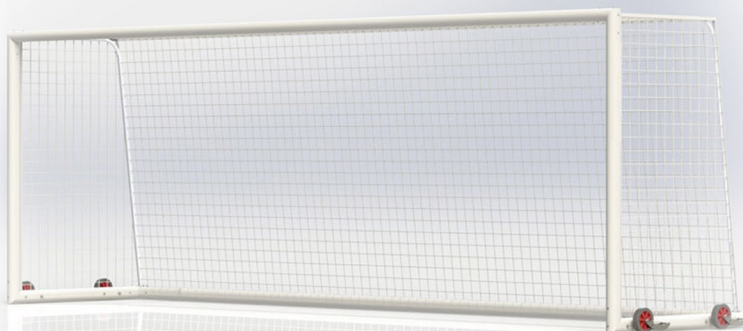

The goals are made of elements, connected with special connectors, which facilitates transport and storage of the gate in the off-season. Included: wheels, PP hooks for hanging the net. Colour: white. FIFA compliant.

The net is attached to the goal frame and bottom frame with PP hooks.

Main and bottom frame made of 100/120mm profile.

System of 4 transport wheels on a special hinge folded during the game and unfolded for transport without removing the wheels.

Gate profiles are connected with each other by a special steel connector.
