

BEACH ARENA L

Article number: 12 502

Portable beach sports pitch size "L"

Special system of sideboards folded on any flat surface to form a closed body covered with sand. 40cm high sideboards of the pitch made of 10mm thick polyethylene panels fixed to special steel supports. Hot-dip galvanised and powder-coated steel elements in RAL colours. Polyethylene panels in several colour variants.

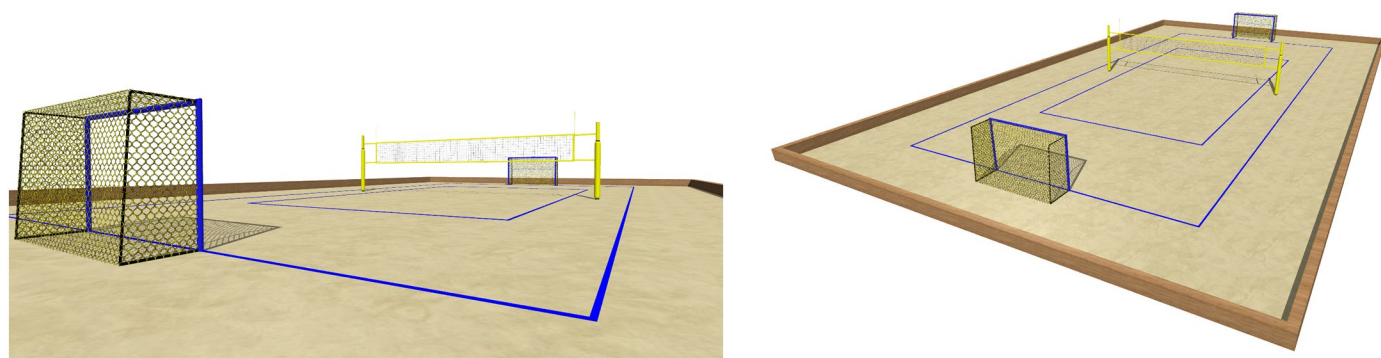

Beach arena L with a size of 33.00m x 18.00m accommodates a full size beach volleyball, hand ball sport pitch or beach tennis court with safety zones.

The unit includes a set of 34 sideboards of 40cm height with steps to the entrance,

The unit can be equipped with any of the beach volleyball, handball or beach tennis equipment from the Sport Transfer offer.

The advantage of the system is its mobility, ease of assembly and disassembly. The system can be installed on any flat surface without any interference with the ground or obtaining of necessary permits. After the season is over, the pitch can be disassembled and stored in a warehouse.

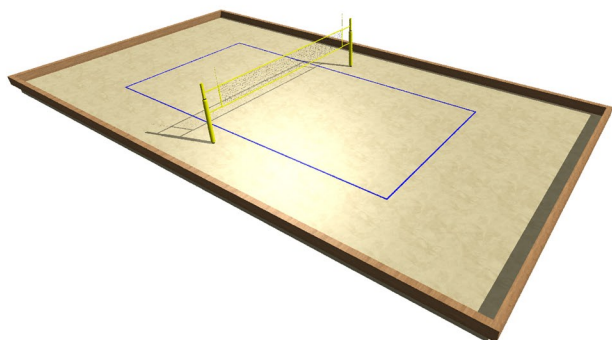

The system can be freely extended with 3.0m modules. Each pitch can be optionally equipped with additional sports equipment and ball-stops.
